help in its successful implementation of this mission. The mission seeks to achieve the goal of Clean India in the next 5 years. Swachh Bharat Abhiyaan is not just about cleaning surroundings but also seeking the participation of people in planting trees, creating a garbage-free environment, providing sanitation facilities and paving the way to accomplishment of the vision of a 'Clean India' by October 2, 2019, the 150th birth anniversary of Mahatma Gandhi.
